

Is your Bug and Tar Remover “Rock Star”?

Like90 Rock Star Bug & Tar attacks the toughest biological residues and road grime stuck on painted surfaces. It is an ideal first prep for body shops, removing sticky insect carcasses, tree sap, tar, asphalt, and roadway paint markings so that sanding and other surface preparation tasks on the damaged panels can be done faster and more efficiently. Of course, Rock Star Bug & Tar also removes these same contaminants from the undamaged surfaces of the vehicle so that it can be delivered back to the owner in the best possible condition.

Packaged in a convenient aerosol can, Rock Star Bug & Tar is fast drying and leaves no residue. It is safe to use on all thoroughly cured painted surfaces.

Caution: Do not allow the material to dwell for extended periods of time on unpainted plastic and rubber. Test first on fresh paint and other substrates.

Rock Star Bug & Tar is compliant with the California Air Resource Board (CARB) VOC limits for bug and tar removers as specified in the Consumer Products Regulation (not to exceed 40% by weight, excluding exempt solvents). It is also compliant in many of the individual California air pollution control districts. Note that in some districts, other limits apply, in addition to the CARB limit.

Refer to the Like90 Regulatory Information Datasheet for a summary of the current California air district regulations. Due to the complexity of the regulations and their dynamic nature, the summary provided should be confirmed with the rules published by each air district.

Product highlights:

- Removes insect carcasses, tree sap, tar, asphalt, and roadway paint markings
- Safe to use on all thoroughly cured painted surfaces.
- Fast drying
- No residue
- Convenient, 10 oz. aerosol
- VOC: 39% by weight, 297 g/l
- Contains no CFCs

Packaging: Part number 10040; 10 oz. aerosol; 12 aerosols per case

IMPORTANT NOTICE TO PURCHASER: The information in this document is based on tests that we believe are reliable. Your results may vary due to differences in test types and conditions. You must evaluate and determine whether the product is suitable for your intended application. Since conditions of product use are outside of our control and vary widely, the following is made in lieu of all express and implied warranties (including the implied warranties of merchantability and fitness for a particular purpose): Except where prohibited by law, Seller's only obligation and your only remedy, is replacement or, at Seller's option, refund of the original purchase price of product that is shown to have been defective when you received it. In no case will Seller be liable for any direct, indirect, special, incidental, or consequential damages (including, without limitation, lost profits, goodwill, and business opportunity) based on breach of warranty, condition or contract, negligence, strict tort, or any other legal or equitable theory.
